A DECLARATION FOR WELSH DEMOCRACY

We the undersigned believe that the creation of a system of effective democratic governance for Wales is a matter of major importance.

Such a system should:

- be efficient in its use of time and resources;
- be comprehensible and transparent;
- promote wide participation by the public and civil society;
- respect the autonomy of the National Assembly as the elected body which represents the people of Wales;
- offer constitutional stability and thus a means of concentrating on the implementation of a policy programme that can get to grips with the problems and release the potential of Wales.

We believe that this would best be achieved by the granting of primary law-making powers to the National Assembly, and we call for the holding of a referendum to that end.
